

As you know we have had several reports about a white van with passengers acting very suspicious in Emerald Lakes. This van has made stops at several house claiming to be salesmen. Residents should not try to follow any vehicle or confront any suspicious persons.

If any resident of our community sees anything suspicious **The First call should be to 911**

In other situations *that are not an emergency* the Police should be called @ **570-992-9911**, then call **Public Safety @ 570-643-3383**. This will alert our staff to show up and if possible support the local police.

If Security is not answering they should then call the **answering service @ 570-421-1441**. This number is in service 24-7 and they will contact our Public Service Officer.

.

Thank you
Al Leslie
